By Associated Press

NAPLES, Nov. 28.—Anti-French demonstrations, which broke out in Turin, near here, following publication of dispatches from Washington reporting a clash of words between Premier Briand of France and Senator Schreiner head of the Italian delegation in America, spread to Naples today where several persons were wounded in a riotous fight between the police and the demonstrators consisting of the most part of students and Fascist paraded the principal streets of the city crying "down with France." They then proceeded to attack the French consulate here, but here they were faced with a special detachment of 300 troops that had been called to restore order.

The most serious incident in connection with the demonstration occurred when the mob found a French flag and burned it publicly amidst hostile exclamations toward France.

## NEGRO LYNCHED BY MOB AT SOUR LAKE

By Associated Press

BEAUMONT, Texas, Nov. 28.—Henry Cade, a negro, age 25, was lynched late hour in the forest near Sour Lake, 29 miles northwest of Beaumont by 200 unmasked men. He was accused of attacking little Clio Colter, age 8 years. The child was sent to a small store operated by Cade to make a small purchase.

She told a story of mistreatment upon her return. N. C. Colter, her father went to the store and fired two shots at Cade, one taking effect in the abdomen and one in the face. The three charge him in the gun. Officers rescued the negro and started through the forest for Kountze, the Hardin County seat, two miles away but were intercepted by 200 men. The officers threatened and menaced to no avail. The negro was seized and placed on an improvised scaffold. He protested his innocence. The little girl was sent for and as he stood trembling before her, she raised her tiny hand and pointed to him and said: "That is the man." The negro was hanged and the crowd dispersed.

The new classes provide for competition in carloads of cows of any age for carloads of two-year-old heifers.

Denver packers find a strong demand in this territory for cow and heifer beef and the show is anxious to feature the class of stock for which the local market calls. It has been decided, therefore to accede to the request of a number of feeders who are anxious to compete in these classes and include them in the classification.

Several bunches of cows and heifers are already being prepared for the coming show, and it is expected that these will be well filled by the time entries close on Dec. 20.

## IN BED EIGHT MONTHS

Cause—Change of Life. How  
Lydia E. Pinkham's Vegetable  
Compound Got Me Up

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."

Mrs. A. KELLER, Afton, Tennessee.  
Women from forty-five to fifty years of age should take warning from such symptoms as heat flashes, palpitation of the heart, smothering or fainting spells, or spots before the eyes, and prepare their system for this perfectly natural change by taking Lydia E. Pinkham's Vegetable Compound. It has helped many, many women through this trying period, just as it did Mrs. Keller.

## "MY LITTLE GIRL HAS GAINED 15 POUNDS," SAYS HAPPY MOTHER

Little Rhode Island Girl Is As  
Bright and Cheery and Her  
Cheeks Are As Rosy As Ever.

SHE CAN NOW KEEP  
UP IN HER CLASSES

"Only a Mother Can Understand  
What I Suffered When I Saw  
My Daughter Slowly Wasting  
Away," Says Mrs. Mary Smith.

"Every time I look at my little girl's rosy cheeks my heart goes out in praise and gratitude to Tanlac," said Mrs. Mary Smith of Peasocok, R. I., a suburb of Providence, recently.  
"Until Mary was eleven years of age she always enjoyed good health and had a very happy, fun-loving disposition. However, during the past three years she became very thin and frail. She took on a very sad color, her tongue coated over, she complained of a bad taste in her mouth, dull head aches, and of feeling languid and tired all the time. She lost her sunny disposition and became nervous, irritable and moody. Her appetite got so poor that I had to coax her to eat. Her sleep was fitful, her eyes dull, and her steps so heavy that it seemed she hadn't strength to lift her feet from the floor.  
"She had always stood high in her studies, but now her reports were so bad that her teacher called on me to find out why she had gone back so in her lessons. When I asked her why she cried and said she studied as hard as ever, but couldn't seem to remember. Only a mother can understand what I suffered when I saw my daughter slowly, but surely, fading away each day. I could hardly keep back the tears when I looked at her.  
"Six months ago we took her out of school, thinking this might help her, but she continued to grow worse. We were told she would get better when she got older, but I was afraid she couldn't live and have shed many a tear over her condition. In fact, my husband and myself, both, were downright sick from worry over her, and yet, nothing did her any good.  
"One day my husband said, 'Why not have Mary try Tanlac?' Each morning I have read in the papers of someone being helped by it and it may be what she needs!"  
"Well, I had tried everything else, so as a last resort I had Mary try Tanlac and I have felt thankful a thousand times that I did. Before she finished the first bottle she was eating like I have been watching to see her eat for three years. Now she is the first to the table and the last to leave. She has gained fifteen pounds and is still gaining, and her face is as rosy and bright as it ever was. Her eyes sparkle with health, her steps are light, and she is as full of life as a kitten. It does my heart good to hear her running around, singing and laughing and enjoying life and good health again. My gratitude to Tanlac is unbounded."  
Tanlac is sold in Amarillo by Randall Drug Co.
